

Systems Developer - Web

Fixed Term Role (24 Months)

Honiton/ Exeter/Teignbridge

Remote (Hybrid)

At Strata, we are passionate about our people, our technology, and our role in delivering high-quality digital services for our council partners. As a Local Government-owned organisation, we place integrity, collaboration, and service excellence at the heart of everything we do, creating an inclusive environment where everyone can contribute and develop.

We have an exciting opportunity for a **Systems Developer – Web**, to join our team. In this role, you will be responsible for managing the full lifecycle of the Umbraco Content Management System (CMS) used to deliver council websites. This will include the development of new websites and templates, ongoing maintenance, upgrades, and system integrations. You will work closely with stakeholders, suppliers, and internal teams to design and implement effective web solutions that meet both business and technical requirements

Key Responsibilities include:

- Managing the end-to-end lifecycle of the Umbraco CMS, from implementation through to decommissioning
- Developing and maintaining public-facing websites and templates
- Designing and managing integrations between web platforms and back-office systems using APIs
- Managing system upgrades in line with supplier roadmaps and organisational policy
- Producing well-designed, maintainable solutions in line with development standards and change control processes

Your Experience

You will demonstrate proven experience within:

- Developing online forms and business workflow
- Using a low Code development Environment
- Using MS Visual Studio and C# to develop Restful APIs
- Using Microsoft Visual Studio to develop and update databases
- Formal Project management framework such as Prince2 or Agile

The Essentials

You will have a proven track record in:

- Umbraco CMS or similar content management platforms
- Web development using Microsoft technologies, including C#, ASP.NET, Visual Studio, and SQL
- Working collaboratively with stakeholders to deliver effective digital solutions

What's in it for you?

We offer a competitive package which includes:

- Salary – from £39,862 to £42,839
- Significant employer contribution to the Local Government Pension Scheme.
- 37 hour working week – hybrid working.
- 29 days holiday (per annum)

If you feel you have the blend of skills that we require and would like to apply for this role, please send your CV with a covering letter to Jayne.Coppin@Strata.Solutions. Closing date: Tuesday 7th April 2026.
