**Are you good with people?
A good problem-solver?
Energetic and like being part of a busy team?
Maybe looking for a new career in IT?
If so, you might be just what we are looking for!**

About Strata

Strata is an exciting IT company with over 70 employees based throughout its offices in Exeter, Newton Abbot and Honiton. We currently have IT Service Desk opportunities that we are keen to fill with the right people, and we provide on the job training.

Our Service Desk provides a technical and professional support service for all IT solutions to our customers. You'll be responsible for carrying out remote support, trouble-shooting system faults and face-to-face support for many types of mobile working equipment.

We aim to give our customers a friendly service and make sure they receive a high standards of support for all hardware and software.

In return for your hard work, we offer a range of excellent benefits including 28 days holiday plus bank holidays, flexible working hours, cycle scheme and entry into the local government pension scheme.

We also provide a 24/7 on-call service for IT emergencies which is paid at a competitive rate as an addition to the regular salary.

A driving licence and your own transport is key for visiting our multiple sites for support, although reasonable adjustments may be possible if you are working towards a licence.

**If you think this is for you and you want to be part of our team
we'd love to hear from you.**

Post title: Service Desk Officer

This document is intended to cover the range of principal duties and areas of work relating to the post. It is the intention to ensure that you are aware of the actual and the potential range, level of duties, responsibilities and areas of operation which may be required. In addition, you may be required to perform other relevant activities commensurate with the grading of this post.

Grade & Salary: Grade 3

Responsible to: Head of Service Desk and Support

Responsible for: None

Strata purpose:

Provide Strata's customers with strategic IT leadership and professional, resilient and cost effective IT services to help them meet their corporate objectives.

Job purpose:

Deliver a comprehensive, professional and cost effective customer focused ICT support service for all Strata's customers that meets their business needs.

As a member of the Service Desk team the aim is to provide a comprehensive, effective, professional, high quality and customer-focused IT service in accordance with the corporate objectives and values of Strata.

The Service Desk is a critical service; it is the first point of contact for Strata queries, issues and service requests from Councillors, Council staff, Strata staff and suppliers. It is a highly professional technical service delivered consistently by knowledgeable staff sometimes under high pressure situations. It is focused on customer satisfaction, incident resolution and service delivery and will "own" a customer's query and represent the customer within the whole Strata operation.

This post is required to carry out first line fault-finding of all IT faults across the entire range of infrastructure, networks, systems and servers and to escalate to other groups within Strata when appropriate. This post fulfils the majority of service requests ranging from setting up new equipment and mobile devices, to carrying out office moves.

Core accountabilities:

1. Carry out first line IT customer support for the whole range of Strata services, ensuring excellent service behaviour towards customers and colleagues.
2. Accurately log all calls and demand in the Service Desk System.
3. Install, configure, test and support a range of ICT technologies including PC operating systems, desktop and business software, mobile and desktop hardware and applications, network and remote connections (both 3rd party and those developed in-house).
4. Fault find server incidents and problems to a first level making use of known and documented actions and workarounds.
5. Carry out changes and new installations to voice and data connections within offices as required.
6. Manage your assigned Incidents and Service Requests to ensure that work gets done correctly and in a timely fashion, efficiently escalating assigned incidents and problems to the correct team within Strata as appropriate.
7. Carry routine process tasks for the particular site, ensuring these processes are documented
8. Develop and maintain a good knowledge of the customer site operations, and ensure excellent communications and working relationships with the customer base.
9. Take part in the Service Desk rota for the local site to ensure agreed service hours are covered.
10. To be a part of the Out of Hours support team as required.
11. Supervise contractors carrying out work for the Service Desk.
12. Operate to Strata standards and in compliance with policies and procedures for all operations including purchase, installation, configuration, recording of the asset, maintenance of documentation and information, starters and leavers processes.
13. Document processes as required by Service Desk Manager
14. Negotiate with suppliers for price and delivery of IT hardware and suppliers, place orders accurately on Strata systems
15. Carry out procurement activities for the Service Desk including GRNing and checking and collating of invoices, ebay activity and card payments.
16. Carry out accurate recording of all moves, adds and changes to IT hardware, software and service assets in the CMDB. Ensure the Strata CMDB is updated consistently whenever you carry out a change.
17. Assist with managing the secure destruction or sale of redundant IT assets
18. Carry out training of new starters on new or changed technologies.
19. Assist with diagnosing underlying causes of failures and finding ways to eliminate these causes and to improve the efficiency of Strata.

20. Take part in small project tasks associated with the desktop or mobile infrastructure, systems and software as requested by Head of Service Desk and Support or Service Desk Analysts.
21. Impart technical information clearly and succinctly to a non-technical audience and to another technical resource.
22. Communicate effectively with all levels of IT users across the Council, from senior management to operational staff and partners.
23. Maintain own technical and personal skills, knowledge and competencies, sharing these openly with colleagues to benefit Strata.
24. Encourage a systems thinking within the Service Desk team
25. Support Strata's and its customers' approach to equalities and diversity ensuring that services and policies identify, address and promote the needs of the diverse communities.. This includes the need for safety of children and other vulnerable people.
26. Take personal responsibility for the relevant aspects of Strata's Health and Safety Policy and also Strata staff compliance with all customer policies when on their sites.
27. Ensure own, staff and customer awareness and compliance with Strata policies. Maintain positive thinking and behaviour at all times, in relation to the Strata behaviours documents.
28. Evaluate and assist in managing risk across the delivery spectrum of Strata
