

Solutions for government

## **Security Apprentice**

### **School Leaver/Non School Leaver**

*Exeter/Honiton/Newton Abbot*

At Strata we are passionate about our people and about our technology as well as our digital transformation. We pride ourselves on our integrity towards our colleagues and clients as well as providing service excellence at all times. We are collaborative in the way in which we work, our fast-paced environment provides many opportunities for exposure to new technologies and methodologies.

As a local Government owned business, our people are at the heart of what we do our objective being to provide an inclusive environment where everyone can contribute to the progression of our organisation.

Having recently completed a restructure as part of our business growth we are looking to recruit an Apprentice to work within our Security team.

The primary purpose of this role is to provide support with safeguarding the data of our clients from threats that could compromise confidentiality, integrity or availability. This involves adhering to and championing security policies, which encompasses Security Incident management, risk assessment and remediation, data backups, business continuity and recovery, as well as providing security guidance and awareness. Additionally, the postholder will play a supporting role in the Strata processes covering data protection, freedom of information, and security compliance activities.

### **The Role**

- Support threat monitoring, detection, analysis and incident response to potential compliance threats.
- Support business continuity, disaster recovery and IT service continuity planning.
- Operationally support the on-premises and cloud based backup solutions.

### **You're Experience**

You will demonstrate proven experience within:

- Good knowledge and experience of both on premises and cloud technologies.
- Experience of security management and incident investigations.
- Experience with security tools such as SIEM, vulnerability scanners and penetration testing tools.

### **The Essentials**

You will have a proven track record in:

- Excellent written and verbal communication skills.
- Analytical thinking.
- Strong technical skills.
- Strong attention to details.
- Self-motivated with a passion for staying up to date with security practices.

### **What's in it for you?**

We offer a competitive package which includes:

- Salary from £23,893 (Grade 2 School Leaver)/£26,873.00 (Grade 3 – Non school Leaver)
- Significant employer contribution to the Local Government Pension Scheme
- 37 hour working week – Flexible/hybrid working
- 28 days holiday

If you feel you have the blend of skills that we require and would like to apply for this role, please send your CV with a covering letter to [jayne.coppin@strata.solutions](mailto:jayne.coppin@strata.solutions)
